

FOOD CONTACT CERTIFICATION

The raw materials used to extrude our clear plastic sheets have obtained the following certification for contact with foodstuffs:

MATERIAL	EUROPEAN UNION	UNITED STATES (FDA)
APETlite	EC No. 1935/2004 and Commission directive 90/128/EEC and its subsequent amendments 2002/72/EC and 2008/39/EC	21 CFR 177.1630
PETGlite	90/128/EEC and its subsequent amendments 2002/72/EC and 2008/39/EC	21CFR 177.1315 (b)(1)

Note: It is recommended that purchasers and users of the product are responsible for determining that the product is suitable for its intended use.
